Curriculum-Based Assessments (CBAs) in Illuminate
DnA

DnA is our new online assessment system. We use common curriculum-based assessments (CBAs) to assess, monitor and create instructional support based on standards. DnA provides real-time data and reports to use at the student, classroom, school and district level. We will now deliver all CBAs (such as Eureka, EL, interim assessments) using Illuminate with no other data collection steps.

Testing Schedule - From Mr. Jaimson

Students that are absent - The students will test on the make-up days. For reading, their make-up days are on October 1st and 4th. For math that will be October 8th and 11th, the testing window is technically open until October 15 but I'm hoping between those three days for each content area we can test all students. All students have unlimited time to take the test so there is the possibility that we run into another block but with the test being at most 25 questions and 90-minutelocks we should be ok; however, I think it would be best to plan to have those few students be filtered to the media center? As far as students with IEPs they will be in separate test sessions with Loney and Claiborne use of their accommodations, and will be in a small group setting where they would not necessarily need to move if they are not finished. I hope this helps to answer a few questions.

Chromebooks that are managed by the rvaschools.net domain. Chrome books will be reconfigured this week to auto update at 12:00 noon. If they have connected to Wi-Fi or Ethernet. It is recommended that users restart the Chromebook devices in order to apply any pending updates.

If you all come across any Chromebooks that are unable to access the TestNav app and need to be updated then please follow the directions located at the end of this email. The Chrome settings are blocked for student accounts, due to security issues, so the Chromebooks will need to be signed into under a staff account in order to access the settings to manually install updates. Once the Chromebook has been updated to the latest version be sure to sign out so that a student user does not have access to the staff profile that was used to update the Chromebook.

How to manually update Chromebooks

1. Click the bottom right corner of the Chrome OS desktop.
2. Select the Settings icon.
3. Click About Chrome.
4. Click Check for updates.
5. To apply the update, click the arrow icon and select Restart to Update.

Some reminders about COVID rules:

- Quarantine is 14 days. While the VDH allows some flexibility in quarantine length in unique circumstances, we are not “eligible” for those given our community transmission rate. No negative test is required to return from quarantine (just no symptoms).
- Quarantine is NOT required for vaccinated individuals (students and staff) with no symptoms. A test is recommended (not required) between Day 3-5. The individual should not stay home while they are waiting for results.
- Isolation (for positive individuals) is 10 days. No negative test is needed to return (just no symptoms).
